As per the requirement of the law of maritime traffic Safety of China, the report is required to be sent Via Enoad@shorefacility.com 96 hours prior to arrival China EEZ for securing environment safety purpose. For tank vessels, a copy of cargo stowage plan is needed. Master is required to give the report for every China port call. In case the Master fails to give Enoad, Party B will directly serve the agreed ship to ensure smooth voyage whenever Party B receives the port call information from Port Authorities .
